Swan 38 - Cimaroon

Cimaroon is a classic example of the Nautors Swan 38 designed by Sparkman & Stephens. She has undergone a continuous maintenance program since she was built ensuring that she meets the standards required by that of the Royal Yachting Association and the DoT.

Cimaroon is rarely on her mooring in Falmouth. Although she does not have an annual berth at the Premier Yacht Marina at North Parade in Falmouth, we offer her from this marina for her handovers enabling the yacht to have fresh water, electricity and easy access. However due to popular demand and Solent events, she is also available out of DML Mercury Marina on the Hamble - Southampton for uk yacht charter. Her owner wishes Cimaroon to Race this coming season at as many [sailing events](#) as possible so please contact us if you are interested in this beautiful yacht.
